THE Onto Burcarour .- This sterling Republican paper is now in its 45th year, during the of which time, our venerable and esteemed friend, JOHN SAXTON, Esq., has been editor and publisher. The last number comes to us in an entire new dress, and is filled, as usual, with interesting and instructive read-

We understand the Grand Jury have found a true bill against the two persons now in the Coshocton Jail, charged with robbing the Treasury of that county. We do not know what proof they have against them, but we think now, and have thought all along, that the eading spirits, those who got most of the booty in that robbery, are still at large and live within the corporate limits of that town.

FREDERICKSBURG, April 12, 1859. The Presbyterian Congregation of Unity, according to previous notice, met in the church in Fredericksburg, O., on the 12th day of April 1859, and when duly organized, the following action was had:

WHEREAS, Our faithful and acceptable pastor the Rev. S. M. Andreson, has signified his desire to have the pastoral relation subsisting between himself and this church, dissolved, and has requested this congregation to unite with him in application to the Presbytery of Coshecton for that purpose, and, whereas, owing to peculiar circumstances, it might seem unkind and unjust to deny his request, therefore, Resolved. That while we cannot refuse the re-

quest of our paster, yet we cannot but regret the necessity of a separation. Resolved, That by his wholesome and profita

ble pulpit instruction,-his fidelity to his Master in faithfully rebuking the sins of the times -his counsels and sympathy in times of afflic tion, and his uniform christian walk and conversation since he has been our payfor, he has se cured our high esteem for him as a gospel min-

Resolved. That when he leaves us, he will carry with him our warmest wishes for his fature welfare, and will have our prayers for the blessing of God upon his labors in whatever field Providence may cast his lot.

Retolved, That JOHN ROGERS be our commis Resolved, That John Rockes be our commissioner to attend the meeting of Presbytery, which convenes this day in Millersburg, to represent this congregation in the matter afore-ware, Boots, Shors, Hats, Caps, &c., which he J. W. GUTHRIE, Sec'y.

SPECIAL NOTICES.

WASHINGTON EXCITEMENT. Reports from Washington say that the late tragedy enacted there caused quite an excitement, and the excitement has partly extended to Nashville, caused by the arrival of Everly, Eckle & Co.'s goods. Among which are Ladies Lasting Gaiters at 50 cts., and selling. La-dies' good Enameled Shoes, at \$1,00, and must be sold. Lawns at 636 cts. you can't beat.— Shallys and Delains at 1236. We like to show and sell them too. Prints at 634 and 8 cts. which will do you good. Bonnet Ribbons, Bor-ders and all such nice goods at all prices, and cheap too. A large stock of Pantaloons, Hats and Caps, that will be sold. Sheetings, yard wide, 614 to 10 cts.; we like to sell them. Coffee 12% cts., and other qualities too. James is good natured, Lewis is gruff, and Manrix pleasant, all anxious to give good bargains, and take pleasure in emptying buckets of Eggs and Butter, will not be offended if asked to exchange goods for current funds, and pay out some of the same for Butter and Eggs. Come one, come all, and give us a look. EVERLY, ECKLE & Co.,

Nashville, 1859.-34. CHILLS AND FEVER! CHILLS AND FEVER!!-One

of the greatest remedies that has ever been laid before the public, for Fever and Ague, and which have received the highest encomiums from the press and the people, is DR. J. HO-STETTER'S CELEBRATED BITTERS.-Who would endure the torture arising from this terrible disease, when it can be so easily cured? Who would endure sleepless nights, burning fevers and icy chills alternately, when a remedy can be obtained for a mere trifle? And yet how many families linger out a painful existence under this deadly blight, and do nothing but gulp down quinine, until it becomes as common as their daily meals, and yet they are not relieved. None but the foolish and weak would hesitate to procure these valuable Bitters, and save themselves intense agony.

The proprietor, in calling the attention of the public to this preparation, does so with a feeling of the utmost confidence in its virtues and adaptation to the discussion for which it is recommended.

It is no new and untried article, but one that has stood the test of a ten years trial before the American people, and its reputation and sale are unrivalled by any similar preparations extant. The testimony in its favor given by the mest prominent and well-known Physicians and individuals in all parts of the Almana, published annually by the proprietor, and to be had gratis of any of his Agenty, cannot but satisfy the most skeptical that this remedy is really deserving the great celebrity it has obtained.

DR. HOOFLAND'S BALSAMIC CORDIAL,

FOR THE SPEEDY CURE OF

Coughs, Colds, Influenza, Croup, Hoarsenezs, Bronchits, Discases of the Louels arising from Cold, Incipient Consumption, and for the relief and (if at all possible) cure of patients in advanced stages of the latter diseases.

Catarrh, or Common Cold, as it is familiarly called, is worthy of study, and serious enough to be avoided, if possible. Br. Bell says: "I will not say that Colds are to our inhalitants what the Plague and Fellow Peers are to those of other countries; but, I can aver considently that they usher in disease of greater complicity and nortality than these latter."

In the danger of Branchits and Puersonnia, which often follow in the train of a neglected cold, and in Philasis Pulmessile, the tubercular irritation of which is developed by the same cause, we surely have proof and argument sufficient for attention, not only to the preventive means, but also to the curative ones of a disease, which however midd in its laception, is directly or indirectly productive of such diversified and alarming results.

This leasure should be norticularity improved on those

who have any constitutional tendency to Pulmosary Cancemption.

The use of the Balsamic Cordial, agreeably to the directions accompanying each bottle, will readly care the most distressing case of caugh.

Caughs sometimes proceed from a disordered or dyspeptic state of the stomand, in which case the German Bitters should be used. In cases of weakness, or general dealify of the system, resulting from a profuncted cough, the German Bitters will be found of great beneal.

In cases of acute Indiamastion of the Lungs, the prominent symptoms generally are—hurried and pointui respiration, imperies t arterialization of the blood, using hand expectoration, attended with excitement of the heart, fiver, various derangements of the digestice and arimary systems, prostration of strength, &c. The longs may be diseased without any of these symptoms being presented, but the marinary produced during his inspiration and respiration, and the alternate contraction and expansion of the chest, evident to both sight and feeling, all farmled most important physical signs in case of disease, and should receive prompt attention.

This disease is usually caused by a cold acting on the uses, and the use of the Balsamic Cordial scom performs a cure.

The terrible fatality of diseases result to be the strike fatality of diseases and should receive prompt attention.

The terrible fatality of diseases resulting from a "courroute."

The terrible fatality of diseases resulting from a "cournon cold" may be seen by a glance at the following stasities, taken from the records of the Board of Health of

From these figures, it will be seen that nearly engineering of the total deaths in the country are caused by consumiton, to say nothing of the numerous ether discusses springing from a "alight coid."

The proprietors are in the possession of certificates. The projectors are in the possession of certificates showing that the Balsamic Cordial has effected eness where all other remedial means have failed. HOSTETTER'S STOMACH BITTERS.

It is a fact that, at some period, every mem-ber of the human family is subject to direase or disturbance of the bodily functions; but, with the mid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the aimple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Billious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhoa, dysentery or flux, so generally con-tracted by new settlers, and caused principally by the change of water and diet, will be speedily by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as perdirections on the battle. For this disease every directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than

not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this grest preparation in the scale of medical science.

FRUER AND AGUE.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

"For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will CAUTION .- We caution the public against using any of the many imitations or counterfeits, but nak
